

# Physical interpretation of one-station tensor null space

Right-null basis vector

null 1

+0.000

-1.000

+0.000

-0.000

+0.000

$\rho_{xx} - \rho_{yy}$

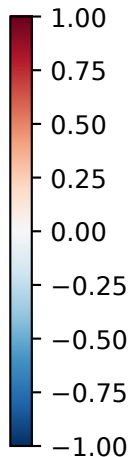

$\rho_{xy}$

$\rho_{xz}$

$\rho_{yz}$

$\rho_{zz}$

Physical Cartesian tensor component

Component / largest absolute component

Physical Cartesian content of the one-station null basis. The ideal cardinal L/R/U/D geometry is insensitive to pxy.
